

## **Operational Notice**

**No 12 of 2014**

### **HGV/ Bulk Transport Requirements in Port Operational Areas**

Please be advised HGV/Bulk Transport working within port operational areas and/or partaking in cargo operations within the estate are required to meet the following:

- HGV/Bulk Transport must be fit for purpose and in road worthy condition.
- Bulk trailers must be fit for purpose and in road worthy condition, free of leaking cargo to prevent fouling within port operational areas and within Belfast Harbour estate.
- Bulk trailers must not be overfilled.
- Bulk trailers must be sheeted for appropriate dusty cargos. Sheeting must take place on the quay at a safe point nearest to loading area or otherwise specified by Port Operations.

HGV/Bulk Transport operators are responsible for their vehicles. Operators will be held accountable for any defects noted. Failure to comply with the above requirements may result in the exclusion from operations until such time defects are repaired.

A handwritten signature in black ink, appearing to read 'K G Allen', written in a cursive style.
