

NOTICE TO MARINERS

No. 9 of 2024

VT4 sheet Pile Remedial Works

Mariners are advised of repair works on VT4 North commencing 26th February 2024.

Works involving diving, welding and concrete pouring is estimated to take around 4 days.

The works are planned to be carried out in between ferry movements at VT4.

The following equipment will be used:

- Shore based containerised surface supply Dive Control Unit
- Shore based Komatsu 318 track excavator
- Dive pontoon VHF callsign “MARINE WORKER” (Ch.12) for diver “dress-in”, access and egress

Slow pass and wake restriction zone in force while works ongoing
