

## Operational Notice

No.3 of 2026

### Crane 81 Removal from Service

Please be advised Crane 81 will be permanently removed from service from 1<sup>st</sup> April 2026.

Until such time as the crane can be fully decommissioned, it will be parked to the North end of the quay on Gotto Wharf, as per below diagram. Whilst unavailable for cargo operations the Crane can still be shifted along the quay to avoid other possible operations. If this is required, please reach out to the Port Operations team.
